

b) receiving a selection from a first one of said participants of a selection option;

c) receiving indication information including a selection from said first participant of at least one element corresponding to an element of said profile information of at least one additional participant;

d) determining a subset of said participants from said database of participants having said profile element; and

e) communicating said selection to said subset of participants.

---

2. (amended) The method of claim 1 wherein said element is an element taken from the group of elements consisting of: a hobby, an occupation, an age range, a gender, an income level.

---

17. (amended) A computer system for arranging a recreational outing for a plurality of participants, comprising:

a network to which a first one of said participants and at least one other participant have access and across which said provider and said participants can communicate information using respective client systems; and

a server application operable to communicate information across the network, said server application operable to:

provide simultaneous access to said participants to a database of information including reservation information related to a plurality of recreational facilities, said reservation information including at least one selection option, said option including a time and a date for an activity from at least one recreational facility;

receive a selection from said first participant using a client application of a selection option;

receive indication information from said first participant using a client application, said indication information including information necessary for said server application to notify said at least one other participant of said selection; and,

communicate said selection to said at least one other participant.

18. (amended) A computer system for arranging a recreational outing for a plurality of participants, comprising:

A2  
Cont'd  
means for providing simultaneous access to reservation information for a plurality of recreational facilities to a plurality of participants;

means for a first participant to select a desired reservation from said reservation information for a plurality of recreational facilities;

means for said first participant to pre-populate a list of electronic mail addresses for at least one additional participant;

means for notifying said list of an invitation to join said first participant at said desired reservation; and

means for said at least one additional participant from said list to confirm acceptance of said invitation to join.

---

Please add new claim 21 as follows:

---

A3 21. (new) A method of arranging a recreational outing for participants, comprising the steps of:
